Join the library this summer for our Reading Program "Libraries Rock". You can earn book bucks this year by reading your favorite books. What are book bucks you ask? They are a point system for reading. Every child who is of "read-to-me" age receives one book buck for every 20 pages read to them. Children who are independent readers receive one book buck for every 40 pages read. Books read must be from the Hartford Library or MEL (interloan-library) and also this summer we will include eBooks from an electronic device through HOOPLA.com.

New this year is "Wandoo Reader". You can use this program to keep track of your pages read and work toward award certificates. Just register on line on our website: www.hartfordpl.michlibrary.org. For those who still wish to keep track of pages by writing them down, we are doing this as well. Stop by the library and register.

All book buck can be redeemed in our Library Summer Reading Book Buck Store. The Book Buck store is open on program days 30 min before and after each program.
