Hartford Public Library

Summer Home Work Book Program in English and Spanish

This is a special program funded through a grant from The Library of Michigan for grade specific workbooks. This is a take home project and can be worked on at any time. There are fun activities involving reading, writing, math and STEM concepts. It includes 8 weekly lessons.

Along with the student's workbook is a parent guide. The guide gives the parents answer keys for math, writing tips, math games and more. There are easy to follow steps and instructions.

This program keeps the student engaged in meaningful activities.

These are the grades included:

Pre-Kindergarten, Kindergarten – First grade, First grade – Second grade, Second grade to Third grade.

We have both English and Spanish versions available. If you have any questions or need help with the activities, we are here to assist with any activity

The workbooks are available starting June 21<sup>st</sup> at the Hartford Public Library. You can register for a workbook in advance by calling (269)588-5103.

When workbook has been completed, return it to the library and fill out a short survey.

The prizes for a completed workbook are a choice of: (One trip per family, 2 adults & 2 children)

- A family one-day entry to the John Ball Zoo, Grand Rapids
- A family one-day entry to the Potawatomi Zoo, South Bend
- A family one-day pass to the Binder Park Zoo, Battle Creek
- A family one-day pass to the Air Zoo, Kalamazoo
